The purpose of LTI 2022 is to enable to provide remuneration tied to Vimian's s long term value creation to current and future key individuals, employees and consultants in Vimian and thus align the participants interests with those of the shareholders. LTI 2022 will be an important program for Vimian to attract, motivate and retain the best talents, which is important for Vimian to reach long-term value creation for the shareholders.

Issue, transfer and allocation of warrants

The board of directors proposes the annual general meeting to resolve on an issue and transfer of a maximum of 5,800,000 warrants, entailing an increase of the share capital, at full exercise, of maximum SEK 9672.41. Each warrant shall entitle to subscription for one (1) ordinary share. The warrants shall be issued free of charge to Vimian Group AB (publ) and the last day for allotment to participants in LTI 2022 shall be 31 December 2022.

The reason for deviating from the shareholders' preferential right is to implement an incentive program and thereby a remuneration structure which connects the remuneration for key individuals, employees and consultants of Vimian to Vimian and its long-term value creation and thus also align the participants interests with those of the shareholders. The transfer of the warrants shall be made at a price corresponding to the market value of the warrants (the warrant premium) at the time of the transfer, calculated according to the Black & Scholes valuation model. The valuation of the warrants shall be made by the company in collaboration with an independent valuation firm. In connection with the transfer of warrants to the participants, the company shall reserve the right to repurchase the warrants if the participant's employment or assignment within the group ceases or if the participant in turn wishes to transfer the warrants before the warrants can be exercised according to the terms and conditions that apply to the warrants.

The maximum number of warrants that can be acquired per person in accordance with the table above is a cap and the number of warrants that each participant can acquire is limited both by the total maximum number of warrants that can be acquired in each category and the maximum number of warrants that can be acquired per participant in the relevant category.

The warrants shall be transferred on market terms at a price (premium) established on the basis of a market value of the warrants calculated using the Black & Scholes valuation model calculated by the company in collaboration with an independent valuation firm. A new market value shall be established in an equivalent way for acquisitions made by new participants after the expiration of the initial application period. The value has preliminary been calculated to be SEK 14.36 per warrant based on a share price of SEK 60.95.

The transfer of the warrants shall be made at a price corresponding to the market value of the warrants at the time of the transfer, which entails that no social security contributions shall arise for the group in connection with the transfer of the warrants.

Payment for the allocated warrants shall be made in cash no later than five days following the application for acquisition. The board shall establish a corresponding date of payment for acquisitions made by new participants.

Each warrant shall entitle to subscription for one (1) ordinary share in the company. Subscription for shares in accordance with the terms of the warrants is possible during the period from and including 15 June 2025 up to and including 30 June 2025.

The company may, by means of a board resolution, cancel the warrants that are not transferred in accordance with the below or that have been re-purchased from participants. Cancellation shall be registered with the Swedish Companies Registration Office.

The subscription price per ordinary share shall correspond to 116 per cent of the volume-weighted average price for the company's share during the time period of five trading days immediately preceding the offer to subscribe for warrants, rounded to the nearest full ten cents (Sw. öre) whereby five cents shall be rounded up. However, the subscription price shall not be less than the share's quota value. The amount of the subscription price exceeding the quota value of the shares shall be contributed to the free share premium reserve. The subscription price and number of shares in which each warrant carries an entitlement to shall be recalculated in the event of split or reversed split of shares, new issue of shares etc. in accordance with market practice.

Ordinary shares subscribed for by exercise of the warrants shall entitle to dividend for the first time on the first record date for dividend which occurs after the subscription of ordinary shares, by exercising the warrants, is executed.
